Ken Reid was a proud member of the International Union of Painters and Allied Trades. His belief in Unionized Trades was one of the ruling characteristics that formed his life, and his career. He was very active in the W,W,D & G Building Trades Council. He considered every trade, and every person involved in the Building Trades as having something unique and important to bring to the table for the betterment of construction in our area. He always prided himself in belonging to "the best Building Trades Council" in the province.

Being so active in both his Union and the Building Trades enabled him to partake in many golf tournaments during his career. He would always be found on the greens with his golf bag of tricks which became his signature. He believed life is too short, so have fun and laugh was a motto he lived by, even during golfing! By far, the Golf Tournament he held very close to his heart was the W,W,D & G Building Trades Council Tournament.

He felt giving back to charity and fund raising was essential to our mandate and he looked forward to participating every year. Although Ken is no longer with us in person, his spirit will remain both with the W,W,D & G Building Trades Council.

Please mail registration to: 55 Northfield Dr. E, Suite 172 Waterloo, Ontario, Canada, N2K3T6
or fax to 519-746-7660

One of the Charities the Building Trades supports

Founded in 1970 by families whose loved ones had been diagnosed with type 1 diabetes (T1D), Breakthrough T1D is a tax-exempt nonprofit 501(c)3 organization.

As the leading global type 1 diabetes research and advocacy organization, we help make everyday life better while driving toward cures.

We are opening doors that were once closed by T1D diagnosis. We lead the way to more effective solutions by connecting the brightest minds to advance treatments, influence policy, and improve access to care. By driving innovation forward, Breakthrough T1D will make type 1 diabetes a condition of the past.
